## Event Information

Thank you for registering for the first annual PodCamp Ohio. We are excited to have you at this inaugural event.

Remember, this is your event. Everyone is to be treated as a rock star. PodCamp was designed to empower the attendee by providing the "Law of 2 Feet". If you do not feel comfortable with a session, you can and should walk out and try one of the other sessions. It's not like you have to get your money's worth!

Please travel safely. If you're running late, don't worry. A number of PodCamp volunteers including Coefficient Media will be recording the sessions.
